

# DELIVERING TRAINING AT THE POINT-OF-WORK

THE SOLUTION IS  
RIGHT IN YOUR HAND

I'M  
SANDRA  
ORTEZ,  
PLANT  
MANAGER  
AT THE NEW  
MICHIGAN  
PLANT.  
MY  
PROBLEM  
IS THIS...

TO GET THE NEW  
PACKAGING LINE  
UP AND RUNNING,  
  
WE PUT PEOPLE  
ON THE LINES WITH  
TOO LITTLE TRAINING

WHAT THEY DID "LEARN" IN  
A CLASSROOM DIDN'T SEEM  
TO TRANSLATE TO THE LINE.  
I GUESS THE TRAINING  
DRAINED OUT; LIKE WATER  
THROUGH A COLANDER.

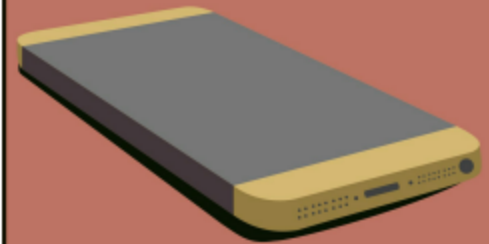

WHAT WE REALLY NEED IS  
POST-TRAINING AT THE  
POINT-OF-WORK...

...NOT WAITING FOR THE  
NEXT TRAINING MODULE.

SO IT NEEDS TO BE  
ACCESSIBLE WHILE THEY  
ARE ON THE LINE;  
NOT ONLY AT SOME  
DESKTOP COMPUTER  
IN SOME OFFICE  
SOMEWHERE.

OH, AND AS FOR  
"GRADES", ALL I'M  
INTERESTED IN IS KEEPING  
THAT LINE MOVING AND  
PRODUCT GOING  
OUT THE DOOR.

UNDERSTAND?  
GOOD!  
NOW I HAVE TO  
GET BACK TO WORK.  
LET ME KNOW  
WHEN YOU COME UP  
WITH SOMETHING  
WORKABLE.

## INFO-COMICS
